School Description

Southside School District is a single school district in the City of Hollister. The school is located in the county of San Benito, approximately 95 miles south of San Francisco and 40 miles east of Monterey Bay. The staff at Southside School works to provide a high-quality education for all students and this is reflected in the school's consistently high test scores. The school is proud of its dedicated veteran staff, the parent participation, visual and performing arts programs, and the physical education program. Southside has made advances in providing technology access for all students and providing a 1 to 1 student device ratio in each classroom. In the 2019-20 school year, the school served 220 students in grades Transitional Kindergarten through eight grade.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Southside School held a public hearing on October 2, 2019, and determined that each school within the district had sufficient and good quality textbooks and instructional materials pursuant to the settlement of Williams VS. the State of California. All students, including English learners, are provided their own individual standards-aligned textbooks or Instructional materials, or both, in core subjects and in visual and performing arts, for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the state are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in October 2019 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements (Most Recent Year)

Southside Elementary School was built in 1980, with portables added in 2000 and 2006. Plans for modernization are currently being prepared for renovating the main office, library, tech lab, science lab, and staff facilities. Reconstruction of the gymnasium was completed in 2009. Facility information is current as of October 2019. School facilities are situated on seven acres and encompass 17,500 square feet. They consist of five permanent classrooms, six relocatable classrooms, a library, a gymnasium, a computer lab, staff rooms, administrative offices, and restrooms. The facility strongly supports teaching and learning through its ample classroom and recreational space.

Maintenance and Repair

Safety concerns are the number one priority of Maintenance and Operations. Maintenance supervisors are proactive and conduct inspections on a continual basis. Repairs necessary to keep the school in good repair and working order are: completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The maintenance staff has indicated that 100% of all toilets on school grounds are in working order. Due to severe weather, a large tree was damaged in the playground area. Staff responded in a timely manner to safely remove the tree to insure students and staff safety.

Cleaning Process and Schedule

The school is cleaned daily. The site administration team works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which provides State matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2018-19 school year, the district budgeted \$5,000.00 for the deferred maintenance program. This represents 0.50% of the district's general fund budget.

Deferred Maintenance Projects

Deferred maintenance projects scheduled for the 2017-18 school year includes general maintenance

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in ELA and Mathematics for All Students

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	70	69	70	69	50	50
Math	47	50	47	50	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Parents and the community are very supportive of the educational program at Southside Elementary School. The school has a very active Parent Club and many parents volunteer in various classrooms. Parents are welcome to attend school-wide events held throughout the school year. Numerous local businesses also offer generous support of all the school's programs and activities.

The Southside School District has made efforts to engage a variety of stakeholders throughout the school year to seek input in the planing and analysis of the Southside School LCAP. Public meetings were held with the public hearing date was with board of trustees on 5/29/19 and on 6/5/19. Meetings with the staff to review portions of the document were held on 5/9/19. A public meeting was held with the Migrant parent organization on 5/9/19 and then with the Migrant Parent board members on 5/30/18. Final board of trustee approval occurred on 6/5/19. The tools and activities listed below were used for data collection and stakeholder input to develop the plan. Currently Parents can participate in the Parent club, the Migrant parent action committee, and volunteer opportunities. Parents are contacted each week with school activity updates and with real-time messaging.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Safety of students and staff is a primary concern of Southside School. The school strives to be compliant with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety plan is reviewed and updated each year in the fall. All revisions were communicated to both the classified and certificated staff. The comprehensive Safe School Plan was developed by the School to comply with Senate Bill 187 (SS 187) of 1991. The plan provides students and staff a means of ensuring a safe and orderly learning environment. Every faculty member is aware of their role in case of disaster or potential Run Hide Defend/Active shooter situations. Evacuation routes are posted in every classroom and safety drills are held 3-4 times per school year. One administrator and the entire Southside staff monitor the campus from 7:30 a.m. - 4:00 p.m. daily. Southside is a closed campus and all visitors must register with the office before entering the school. Southside has a complete and comprehensive emergency preparedness plan.

Professional Development provided for Teachers

The school offers four staff development days annually where teachers are offered a broad-based variety of professional growth opportunities in curriculum, teaching strategies, and methodologies. For the last four years, the school offered four days of staff development. Staff development has moved beyond Common Core training and is now focused on interim formative assessments to inform instruction and a new student management system. New teachers are provided support and professional feed back through the New teacher induction program as well as the Peer Assistance and Review (PAR) program. The current focus of professional development has concentrated on the implementation of the iReady diagnostic and intervention curriculum.

Types of Services Funded

The expenditures per pupil data is based on 2018-19 fiscal year audited financial statements. The table reflects the direct cost of educational services, per average daily attendance, excluding food services, facilities acquisition and construction, and certain other expenditures. This calculation is required by law annually and is compared with other districts statewide. Supplemental/Restricted expenditures come from money whose use is controlled by law or donor. Money designated for specific purposes by the district or governing board is not considered restricted. Basic/Unrestricted expenditures, except for general guidelines, are not controlled by law or donor.
